

Aquaneering Presents

1st Annual Aquatic Animal Models Husbandry Workshop

Aquaneering is excited to announce that we are expanding the scope of the Annual Husbandry Workshop, which has been focused on Zebrafish for the last 20 years, to include all Aquatic Animal Models

The Workshop will be held in conjunction with the World Aquaculture Society (WAS) meeting in New Orleans, LA from March 6–10, 2025. The Workshop will be three half-days, allowing attendees to take advantage of some of the other exciting sessions being held throughout the WAS Conference

If you have experience with (but not limited to) any of the Aquatic Models listed below we encourage you to ***submit a talk!***

Amphioxus
Axolotls
Cavefish
Cichlids
Danionella

Giant Danio
Killifish
Lamprey
Medaka
Xenopus
